Fishing Marina

Opening soon

Fishersgate Marina - Southwick, UK

After investing in a major upgrade, our fishing marina is opening this winter, offering fantastic facilities for fishers:

Marina facilities

- Berths for vessels up to 15m in length
- Brand new pontoons
- Welfare facilities – access to kitchen, shower, and toilets
- Shore power – accessible at every berth
- Fresh water access
- Two davit cranes – for easy loading and unloading
- Storage cages - and low storage areas, available for rent
- Improved safety and security - new lighting, fencing and CCTV system
- Access to local distributors/markets within the harbour – sell your catch locally with ease
- Sheltered location – marina is located within an impounded Canal
- Additional Parking – one registered vehicle included with each berth
- Two Electric Vehicle charging points available
- Additional Port services – easily access dry docking, forklift hire and more
- Net recycling scheme - free end of life fishing gear recycling
- Wifi access

About Shoreham Port

Located on the Sussex coast, our Port is close to eastern fishing channels and is home to various sized fishing vessels that use the high quality, safe mooring facilities within our canal.
